## A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls eloping with some unknown stranger. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced and subject to moderate, paroxysmal sleeplessness, in moderate, crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book containing many valuable hints are free at J. W. Gayle's, who also sells and guarantees Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cure fluttering, short breath, etc.

## State Teachers' Association.

At Paducah, Kentucky, the prettiest in the State, June 28, 29 and 30, the State Teachers' Association will meet in its regular annual session at the above place and time mentioned.

The railroads of the State have given rates for round trip to all members (the A. & N. W. will require membership certificates when tickets are purchased).

The new and elegantly furnished Palmer House has been selected as headquarters for the association, and has reduced rates to \$2.00 per day for one person in a room and \$1.50 where two persons occupy the same room. There will be ample room in this place, but you may prefer a cheaper place, the rates at Mr. Nicholas will be \$1.00 and \$1.25 per day; at the Hart House 80c and Dade House 75c. Besides these cheap rates, the Entertainment Committee will have provided free entertainment in private families for all who may want it.

The meetings will be held at Merton's opera-house unless the weather is too warm, and the hall is too small. Park has been secured. The Park is just outside the city limits and is on the line of the Electric street railway, sufficient cars of which will be chartered for the occasion.

## HOW AND WHAT TO DO.

When you reach the city you will be met at the depot or wharves by members of the Reception Committee who will take you at once to the Secretary, whose headquarters are at the Palmer House, on the corner of Fifth and Court streets, there enroll and get a membership badge, which will entitle you to ride free on the street cars, free entertainment if you wish, and reduced rates at the hotels. Members will sit in the members' city will be full of people, so no reductions or favors can be shown anyone without the proper badge. The exhibit work, which will be put up in the school room, will be an important feature of the meeting and will more than repay any one a trip across the State to see it. The leading schools of Kentucky and some from other States will have work in exhibition. Come and see it; you cannot afford to miss it. Get ideas from the leading educators of the State, then go home and each a better school next year.

LOCAL COMMITTEE.

## Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. They without symptoms, and in the height of health, in the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, and dropping dead. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is the best. Fine treatise on "Heart and Nervous Disease" and marvelous testimonial free. Sold and guaranteed by J. W. Gayle.

## Forks of Elkhorn.

Rev. T. J. Stevenson, of George town, was in our midst the first of the week.

### For Re-election.

General Benjamin Harrison was nominated by the National Republican Convention, in session at Minneapolis, Minn., yesterday afternoon, as a candidate for re-election to the Presidency of the United States, on the first ballot.

### Prof. Case's School

Closed yesterday for the summer vacation.

The Fourth Annual Session will begin September the 15th, 1892. There were no public exercises connected with this school, the principal holding that such exercises are not worth the time spent in preparing them, to say nothing of inflicting them in the hot weather on the patience of a long suffering public.

The examinations were written and were conducted after the manner of college entrance examinations.

### Closing Exercises Public Schools.

The following programme of exercises has been arranged for the closing of the Public Schools, which occurs next week:

Wednesday evening, chapel, school building—Entertained by class Literature.

Thursday morning, 8:30—The pupils in grades 5, 6, 7 and 8 will entertain their friends in their respective rooms. 9:30 the primary grades will entertain in the chapel.

Thursday evening, at the Opera House—The exercises of the graduating class. The music for this occasion is in charge of Prof. Way and Graham.

Thursday there will be open to the public, in room 2 of the school building, a display of work from all the grades in school. The friends of the school and the public generally are invited to attend all of the exercises.

Just as sure as hot weather comes there will be more or less bowel complaint in this vicinity. Every person, and especially families ought to have some reliable medicine at hand for such emergencies as are needed. A 25 cent bottle of Cholera, Colic, Cholera and Diarrhea Remedy is just what you ought to have and all that you would need, even for the most severe and dangerous cases. It is the best and most reliable and successful treatment known, and is pleasant to take. For sale by J. W. Gayle, Druggist.

### Big Contract.

Col. Chas. E. Hoge returned yesterday from Chicago, where he secured for his firm—Messrs. Mason & Foard Co.—a part of the contract to construct a canal to drain that city into the Mississippi river, and which will be used for ships and general commercial purposes. The part of the work they are to construct will cost over \$2,000,000, but the total cost of the canal will be \$20,000,000. They expect to begin at once.

### S. S. Convention.

A pleasant time is anticipated at the Sunday-school Convention to-day at the First Presbyterian Church. Mr. E. S. Boswell, State Visitor, will be present. # GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE OF buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

## Atkins' Patent Concave Tooth Dexter.

DIXIE'S FAVORITE. FOR THE WOODS OF THE SOUTH IT IS NO EQUAL. The patent by which this saw is protected consists of a depression of the face of the cutting teeth through the center from point to base, thus removing all friction which is the cause of the "set." There is no danger from chewing when this remedy is freely given. 25 and 50 cent bottles for sale by J. W. Gayle, Druggist.

PRICES: Silver Steel, including Handles, \$1.00 per foot. Special Steel, Without Handles, .75 per foot.

### BEWARE OF IMITATIONS.

The large demand for the Atkins' CONCAVE TOOTH DEXTER SAW has led competitors to make a lower grade of steel, inferior workmanship, and without the patent concave tooth.

Ask your hardware dealer for the "ATKINS DEXTER" and thus no other. If the dealer will not order it for you, result amount will order direct to us.

### Flower Mission Day.

Quite a large number of ladies and gentlemen members of the W. C. T. U. of Lexington, and of the Jennie Casseday Flower Mission, of Louisville, came to this city and paid their annual visit to the Penitentiary on Thursday. Religious services were held in the Women's Ward and bunches of flowers, with passages of scripture attached, were distributed to the inmates, after which a meeting was held in the chapel of the male department, where a magnificent address of welcome was delivered by Chas. Wing, a convict from Caldwell county, which was replied to in the same vein by the President of the Louisville society, and flowers were also distributed. These services are always greatly enjoyed by the convicts and flower mission day is always looked for with anticipations of great pleasure by them. The attendance of ladies from other places was larger this year than usual.

### To our Subscribers.

The SPECIAL ANNOUNCEMENT which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. Its phenomenal sale throughout the United States and Canada make it standard authority. Mention this paper when sending for "Treatise." 37-14.

### The Thirty-fifth Commencement.

Eminence College closed a very successful year with the thirty-fifth annual commencement on Thursday, the exercises being much more interesting than usual, and five young ladies receiving their diplomas. The essays were all above the average and exceedingly well delivered, while the music was first-class. At night Mr. Douglas Sherley, Louisville's popular and gifted author, gave a very entertaining reading from his own writings to a large and delighted audience. The College is now in a more prosperous condition than for many years, has an able corps of teachers and persons having daughters whom they wish to place at a first-class boarding school should write to President W. S. Giltner.

### Sunday-school Convention To-day.

A Convention of all the Sunday-schools of the county will be held under the auspices of the Kentucky Sunday-school Union, at the First Presbyterian Church to-day, beginning at 10 o'clock. There will be quite a number of delegates from the country and it is earnestly requested that the house-keepers who can do so will be present and take some of their country friends home to dinner with them. The convention has been called by a few enthusiastic workers in the Sunday-school cause, who should not be left to bear the burden of entertaining the delegates as well as looking after the business of the Convention. Let every one who feels an interest in the good cause go down to the First Presbyterian Church this morning, take part in the services and then take a friend or two home with you to dinner.

Following is the programme of the meeting.

10 A. M.

1. Organization.
2. Devotional Exercises.
3. "Why we are Here"—George Darsie.
4. Oral Reports from Schools—What are you Doing?"
5. "The Successful Teacher"—Opened by L. F. Johnson.
6. Discussion by Rev. E. S. Alderman and others.
7. Business.

2 P. M.

1. Song Service.
2. "How to Get and Prepare Teachers"—Rev. W. C. Taylor.
3. Discussion by Rev. J. H. Burdin, S. C. Bull and others.
4. "Parental Co-operation"—Dr. U. V. Williams.
5. Discussion by Rev. W. B. Cooper and others.
6. "The Needs of our Country Schools"—Miss Lucy Pattle.
7. Discussion by Mrs. Fannie E. Farmer, W. H. Parment and others.

### SUNDAY, JUNE 12, 3 P. M.

Children's Mass-Meeting at Baptist Church—addressed by Rev. W. G. Neville, Hon. W. H. Jones and others.

### Nearly a Fatal Tumble.

Tuesday afternoon little Antoinette Woodson, daughter of Mr. J. Pickett Woodson, who lives near the Big Eddy, on the Glendale Creek pike, went up in the loft of the corn crib hunting eggs, and in some way lost her footing and fell to the floor below, a distance of about twelve feet, alighting on her head, which caused concussion of the brain. She lay in a stupor until the next morning, when she revived and has since been slowly improving, though she is still in a precarious condition.

It is not known how long she lay where she fell until the family was notified of her condition, as the first one to find her was her little niece, Raefilia Single, a little two-year-old tot, who being unable to tell what was the matter, went to one of the larger children, took her by the hand, led her to where she could see the unfortunate child and pointed to her. Mr. Woodson is employed as a clerk at the Spring Hill Distillery and consequently was not at home, but his son Kidder was at work on the place, and immediately mounted a horse and started after his father. In the excitement and anxiety he rode the horse so fast that it fell from exhaustion before the distillery was reached, and leaving it by the roadside he ran as fast as he could before the balance of the way, and fainted on reaching the office where his father was employed. Mr. Woodson happened to be down in town, but Mr. Richard Morris, who had just ceased talking to him over the telephone, called him up again and notified him of the accident. He at once found Dr. Geo. W. Chinn and the two went out together.

### New Commissioners.

Gov. Brown, on Tuesday, appointed Messrs. Lewis Mangan, Ben. T. Farmer and Marvin D. Averill Commissioners of the Peabody Minded Institute to succeed Judge W. H. Sneed and Hon. Thos. W. Scott and Mr. A. W. Macklin, whose terms expired in

January last and who resignation had been tendered. The appointments are all good ones and the new commissioners will look after the interests of the institution faithfully.

### At Commissioner's Sale.

The residence of Judge W. L. Jett, located on the corner of Shelby and Third streets, was sold on Monday by Commissioner Posey, at public sale and was knocked off to Capt. Ed. Porter Thompson for \$3,025.

### Church Concert.

A concert will be given at Cedar Chapel Methodist Church, near the Kentucky Military Institute, on Tuesday evening, June 21st, for the purpose of raising funds to aid the Church in purchasing an organ. It is hoped there will be a large audience present, as the music will be worth riding out there to hear.

### Hand Badly Cut.

Mr. William McEwan was fitting a large glass in the door of Judge Ben. Williams' office Saturday afternoon, and in cutting away a part of the wood at the top of the opening of his finger slipped, cutting a long gash in his left hand, which required four stitches to be taken in it to close the wound.

### Across the Deep, to the Far West.

On steamboats, cars and stage-coaches, Boston's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It deprives vitiated, brackish water of its noxious properties and excels in removing the disagreeable effects of stomach of bad or indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a fine defense against material disorders, lessening the effects of grippe and diphtheria, relieves headaches and is an excellent panacea for costiveness and biliousness. The fatigues of travel often tell most disastrously upon invalids and convalescents, occasionally to such extent as to interfere with life. It quickly but gently stimulates the body, effects iron travel, will, if provided with the Bitters, be far less likely to have their fears realized.

### A Broken Bone.

In attempting to prevent a horse from backing a wagon, with his wife and several children in it, over a bank, Sunday afternoon, Mr. Charles M. Bridgeford struck at its mouth with his open hand, and the side of his hand coming in contact with the bit, one of the small bones was broken. He has since been compelled to carry it in a sling and it has given him great pain.

### Paralyzed at Owenton.

T. L. Martin, well-known in this county, was stricken with paralysis at the home of his father, Judge J. B. Martin, this place, last Saturday, failing to the floor in a semi-conscious condition. He was at once attended, and it was found that he was entirely paralyzed on one side. He however, regained consciousness, but is still in a very weak condition, *Owen News*.

Mr. Martin was for a short time a clerk in one of the State Departments in this city, several years ago, and while here made quite a number of friends, who will regret to hear of his misfortune.

### The True Laxative Principle.

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well-informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

### A Minister Married.

Rev. E. N. Walne, pastor of the Ghent Baptist Church, and Miss Alice McLean, of Ghent, were united in marriage at Nashville, Tennessee, Tuesday morning. The young couple will visit at Ghent, and Warsaw before leaving for Japan, where Rev. Walne has accepted a Missionary position. They will sail for Japan about August 1st. The best wishes of their friends in this locality are tendered them in the new and happy relation.—*Warsaw Independent*.

Mr. Walne was for several years pastor of Buck Run Church, at the Forks of Elkhorn, and has many friends in this county, who congratulate him on his good fortune.

### The Golden Secret of Long Life.

Keep the head cool, the feet warm and the bowels open. Aunt Fanny's Health Restorer is a vegetable preparation, containing the best of the common herbs, and has their properties ready. Friday and Saturday, the first and second days of July, are the days set for the examination of applicants for teachers in the State.

To those who are going to the State Teachers' Association, at Paducah, June 28, 29 and 30, one fare for the round trip and free entertainment while there. Every teacher should go so.

### Patent Typewriter.

The latest and most economical thing in the way of a typewriter has been discovered by Mr. A. B. Hammond, the clever and accomplished book-keeper for Mr. J. M. Wakefield. It was highly recommended to him by a minister in New York, and believing it to be a good thing, he invested in one of them and was highly pleased with it that he has taken the agency for their sale in this city. It is so wonderfully cheap that everybody can afford to buy one. Drop in on him at Mr. Wakefield's office and get him to show it to you, and explain how easily it can be used. He will take pleasure in doing so.

### William Kelley,

Of 11 Academy St., Jamestown, Wis., under date of May 23, says: Messrs. Kenyon & Thomas. This is to certify what I know about Dr. Hale's Household Ointment. I have had a box of it sent out on my lip for a year, which contained 100 grains. I had tried various remedies purporting to cure, but all without avail until I purchased a box of your Dr. Hale's Household Ointment and with two months using it, has entirely relieved me, and I freely give this for the benefit of the people.

Truly yours,

W. M. SKELLEY.

This wonderful medicine is for sale at Carpenter's South Side Drug Store.

### Eine Deutsche Predigt.

Rev. Paul Schenck, a German Lutheran Preacher, from Lexington, will preach at the Southern Presbyterian Church, on Third street, Monday evening next, at eight o'clock. Mr. Schenck is an earnest, eloquent preacher, and all of our German elements should go and hear him. The entire service will be conducted in German, and will be quite interesting to those who have never attended a service of the kind. Mr. Schenck has charge of the new Lutheran Church in Lexington and also preaches at the German colonies in Lincoln and Laurel counties.

Dauphin, stockmen, lively stable men and horse-car men, unite in saying that no such horse and cattle lotion as Salvation Oil has ever been put upon the market. It should be kept at every stable and stock-yard in the land. Price 25 cents a bottle.

### Bought the Carter Property.

Hon. James Andrew Scott has purchased the property of Mr. Thomas Carter, on the corner of Shelby and Cross streets, known as the old Sayre School House, for four thousand dollars. He will tear away the old gymnasium at the rear of the house and otherwise improve it before he moves in.

### Educational.

Teachers should remember that Friday and Saturday will be the time for the examination of graduates of the common schools, and have their pupils ready. Friday and Saturday, the first and second days of July, are the days set for the examination of applicants for teachers in the State.

To those who are going to the State Teachers' Association, at Paducah, June 28, 29 and 30, one fare for the round trip and free entertainment while there. Every teacher should go so.

Educational Notes.

BY A BAPTISTH COUNTY TEACHER.  
The addition of \$600,000 to the  
present common school fund of \$1-  
400,500 will, in the opinion of the  
writer, be a great addition to the era  
in the history of popular education in  
Kentucky. Its inauguration  
with many other innovations—will  
create a demand for better school-  
houses and a higher standard of

qualified teachers than have hitherto  
existed.

The work of the General Assembly  
is one of great importance, and  
its responsibility and its mission should  
be to arouse Kentucky from her  
former state of lethargy and induce  
new life and energy in her body pol-  
itical, social, and educational systems.

Many sections of the present  
school law need to be revised,  
viz: Change the end of the common  
school year from June 30th to August  
1st, so as to give the State Board  
of Education more time for the  
session to six or eight months, uni-  
formity in the length of sessions for  
all schools; payment of the salaries of  
teachers monthly, and the scale of  
salaries to be proportional to the  
grades of certificates; provision for  
the payment of trustees for necessary  
services actually performed; the  
election of County Superintendents  
for six or eight years instead of four.  
The Legislature should also make  
uniform the penalties for the enforcement  
of the same; fines and penalties  
against teachers will be lower grade  
of offenders than against those in  
the higher class—not for good and valid  
reasons, those real ones being subject  
to the approval or disapproval of the  
County Superintendent; grading of  
teachers very difficult, and payment of  
an additional tax of twenty cents on  
each one hundred dollars worth of  
taxable property for educational pur-  
poses. The importance of taxation,  
both for the State and for local pur-  
poses, cannot be overestimated. This  
measure should be vigorously  
agitated by the friends of popular  
education until the people fully  
realize and appreciate its value as  
a factor in the general welfare of  
the social problems of the age. The  
primary object of State taxation is  
merely to furnish the nucleus of a common  
school fund, which should be sup-  
plemented by the efforts of the  
means of the people may allow in  
each of the respective school  
districts. Many persons, however,  
seem to have lost sight of the ultimate  
object of this State tax, and to  
think that it is to keep the aforesaid  
fund well supplied that was re-  
quired for school purposes.

The mistaken idea has already done much  
to hinder the growth and progress of  
our common school system. "The  
which cost nothing is not worth nothing,"  
and too much reliance on the  
State fund alone has already done  
much to smother the enthusiasm  
that would be excited by a more  
generous and judicious use of the  
funds by the school, local, and  
individual.

The Legislative Assembly of the State  
will be in session on the 1st of July,  
and the writer will be in Washington  
at that time, and will be in  
constant touch with the friends of  
the cause.

The following item clipped from  
the Ft. Madison (Iowa) "Democrat"

membring: "Mr. John Roth, of this  
city, who met with an accident a few  
days ago, sprained and bruised his  
ankle. He was treated with a poultice  
of one 50 cent bottle of Chambe-  
lain's Pain Balm." This remedy is  
without an equal for sprains and  
bruises and should have a place in  
every household. For sale by J. W.  
Gayle, Druggist.

MUSIC, both vocal and instrumental,  
while not an essential is at least  
an admirable feature of the school-  
room which should be encouraged.  
A good singer is an accomplishment  
and should be coveted by all  
who are able to exercise the divine  
gift. As a hygiene measure there  
is nothing more beneficial to the health  
and strength of the lungs.

FINE WHEAT.

We were shown a few sample heads  
of wheat yesterday, grown by Mr. M.  
Averill, of this county, from seed  
imported last fall. They are very  
superior, some heads measuring six  
inches, and the yield, estimated at  
40 bushels to the acre. The vari-  
eties are Feliz Egyptian and an un-  
known variety, which he calls the  
Averill wheat. The yield will be re-  
ported after harvesting and threshing.

A limited quantity of the above  
wheat will be sold by Mr. Averill for

INTERESTING TO LADIES.

DEAR MADAM—Does your husband  
seem tired of you, are you always  
peevish? Do you and your husband  
have little or no conversation? This  
is the case with most married persons,  
and the only way you will ever live  
in perfect harmony is to restore the  
sparkling eyes, rosy cheeks, strength,  
vigor and buoyleness of girlhood;  
when you have had it will stick to you  
like he did to your nursing days  
and not he seeking the above  
other ladies.

If you will try one package of "Red  
Bud" you will be repaid; it will  
cure new women of you. "Red  
Bud" will absolutely cure Congestion,  
Inflammation and Falling of the Womb,  
Leucorrhœa or White Rupture at  
Childbirth, Ovarian Tumors, Miscar-  
riages, Leucorrhœa, Leucorrhœa, Impor-  
tunities such as Bearing down pains,  
Back Ache, Head Ache, Melancholy,  
Sleeplessness, etc. Its wonderful  
effects are noticed from the first ap-  
plication. I am sending you two applica-  
tions to cure you of any disease you  
have in your body.

The time has come that the pro-  
gressive teacher, in order to keep  
abreast with the spirit of the age,  
should read and pursue such books  
and articles as will furnish a good  
background on common school literary  
and scientific subjects. The teacher  
should make a judicious selection of  
such books, etc., as his means may  
allow.

Supplementary reading is very im-  
portant a drill and recreation in  
the school-room, as it relieves the  
minds of the pupils from the monot-  
ony of their regular readers, by present-  
ing a great and interesting subject  
for thought.

Uniformity of text books are essential  
to successful work in the school-  
room by economizing time and labor  
in the reading and preparation of  
classes. No one except the teacher  
is fully aware of the perplexity and  
confusion of a variety of text books  
by different authors. The Legisla-  
ture should, in the State Board  
of Education, adopt a uniformity  
of text books for a period of at least  
seven years. This measure would  
also be a matter of economy to par-  
ents and guardians in the purchase  
of books.

MUSIC, both vocal and instrumental,  
while not an essential is at least  
an admirable feature of the school-  
room which should be encouraged.  
A good singer is an accomplishment  
and should be coveted by all  
who are able to exercise the divine  
gift. As a hygiene measure there  
is nothing more beneficial to the health  
and strength of the lungs.

### Odds and Ends.

We natives of Frankfort have been accustomed for generations to say "you can't keep Frankfort boy down," and it occasions no surprise to me when I learn of how well our boys and girls are doing at school and college. Mr. Albert H. McClure, Jr., who has just returned from College, Davierville, carried off the prize for scholarship in the Sophomore class at the commencement this week, and no one who knows him and the head he has on his shoulders will doubt that he will be a credit to his College, when in the city recently, spoke in the most flattering terms of Mr. McClure, and predicted for him a most successful career in life. Mr. M. D. Hardin on the highest honors at the same college for Oratory, as will be remembered.

NOT TO OBEY by the boys, Miss Ruth Ely, who is attending Oldfields, has won the same popularity by carrying off the gold medal from a number of competitors. Miss Ely is the youngest daughter of Dr. Jas. R. Ely, and is very popular with who know her, both young and old.

MR. JOHN P. STEWART, who is now studying medicine in Louisville, has been visiting his father at the F. M. L. for the past two weeks. Mr. Stewart is to devote himself to his profession, and I predict he will make a successful career in life. Mr. D. Hardin on the highest honors at the same college for Oratory, as will be remembered.

THE OLYMPICS, of Louisville, are one of the most gentlemanly clubs that ever played here, and although they did kick a little in the eventual seventh inning of the game Tuesday, they took every thing, then the girls in the crowd, to the greatest good humor. It was an inimitable piece of sarcasm, however, when one of the crowd of small boys which followed them shouted out, "Say Mister, you're going to New York, our picked up one. That caught the crowd, and made the poor Olympics' lives miserable.

I WOULD SUGGEST, however, that the home people do a little less crowing, and a little more cheering for the wood. The team which the Olympics will bring here on the glorious Fourth will be much stronger than the one here Tuesday, and the great Young will be the one of the game. It need not surprise any one should our boys yet be forced to lower their colors to their now vanquished rivals.

IF THOSE CABBING CRITICS who systematically ridicule the "sweet girl graduate" could see the fever of unrest which possess the a. g. g. for several weeks before the commencement exercises take place, they would have more to sympathize with and less to sneer at. The case of my young friends, who is a member of the High School graduating class, told me the other day that she could not get the

subject of her essay off her mind day or night. "I have it all written out," she said, "but I have to rewrite it, memory and I seem to be unable to imagine what a state of mind I am in, always trying to see how much of it I can remember. I am sick and tired of the very name of it." And my friend is considered one of the brightest girls in Frankfort, too.

THERE WAS AN innovation in the Center College Commencement which would be a very pleasing one if generally adopted, and proved the model in this nation. It was a Field Day devoted to athletic sports and contests. Mr. T. Lindsey Blayne, of this city, was one of those most prominent in the exercises, and proved himself an equal to all-around athlete. The motto of the colleges is getting more and more "Mens sana in corp rano."

AS I HAVE before remarked, what a pity it is that no interest is taken in aquatic sports here. Every time I take a look at that splendid racing course between the L. & N. bridge and the long steep walling, I can see a boat race the "W. I. B. base ball club and cycling club and our trotting association, the monotony of past summers is somewhat relieved, but still more might be done to furnish the public amusement at slight expense if we would only take the water as a source.

I RECENTLY HAD occasion to make a long and more than usual ride of the truth of the old saw, "God made the country but man built the cities." Why any one who could live in sight of the greatest beauties of nature, as exhibited by this country, should prefer the city as an abiding place is past my feeble comprehension. The Versailles pike, the George town pike, the Lawrenceburg pike, etc., are all of the most precious scenes of beauty as may well make one pause and reflect upon the power which could create such marvels. I went to Providence Church last Sunday, and no one who heard the Rev. Mr. Alderman, could doubt the sermon was a splendid one; but I am free to confess that the sermon on the road left a much more powerful impression than the one in the church. WILLIAM.

### Cycling.

Messrs. Ben Marshall and John Selbert rode from here to Lexington and back via Paris and Georgetown last Sunday. Distance 80 miles. Their wheels were not strong enough, they did not push themselves, Messrs. Chas. Long and Earl Rogers rode to Lexington and came home via Georgetown, not going to Paris. Several other runs were also made, and altogether it was a great day for cycling.

It is very probable that quite a large number of the local members of the L. A. W. will attend the Lexington meet. No one will be allowed to go on the train upon pain of being fired from the local club.

The new members are showing up in fine style and the older ones will have to look to the laurels. The club will have a championship race at the Lexington meet.

Sweatshirts are becoming more and more popular as a part of a cycle suit. Nearly all the local wheelmen have ordered one.

The Club colors of the Blue Grass Wheelmen at the Lexington meet will probably be blue and white.

Local Concl Selbert is the best man for the position Frankfort wheelmen have ever had. He is one of the hustlers who know what is to be done in working for the league. Every membership for this city has been renewed, which is more than any other place in the State, large or small, can say, and it is owing to Selbert's efforts that such is the case.

A couple of Louisville wheelmen rode over Saturday and took in the town with their kodaks. They had rather a rainy day of it, however.

Messrs. Crutcher & Roberts at the ROUNDABOUT office have accepted the agency for Poorman, of Cincinnati, as well as Prince Wells, of Louisville, and when you want anything in cycles or cyclaties be sure to call on them.

Eleven weeks were sold in Lexington last week and many are now thinking of purchasing. The girls there are taking the matter up which accounts for the sudden increase in popularity. It will be a great day for cycling here when some of those faint-heared fair ones let their reason get the better of their dread of Mrs. Grundy.

Jeff Tucker, a hoodlum from the Point, got a bullet \$25 and fired it in a window in the city court this morning. Last September Tucker and a gang of hoodlums attacked a party of bicyclists who were returning from the Soldiers' Home at Harrod's Creek. Stones were thrown at some of the cyclists and one of the riders, Mr. W. W. King, was jerked violently from his machine and hurt severely. A warrant was sworn out

for Tucker, who was the ring leader. He skipped out, returning last week. Officers found him, and he was run in.

The officers of Kentucky Division, League of American Wheelmen, pushed the prosecution, and the heavy penalty stated above was inflicted. It has become dangerous for wheelmen to ride in suburbs of this city on account of the attacks of hoodlums and old mudhens, and the L. A. W. officers say they are determined to break up the practice. Tucker's case is the first one brought to trial. Others may follow. Mr. W. W. Watts assisted Judge Thurman in the prosecution. — Courier-Journal, June 9.

Unless about ten thousand men, mostly professional men, lawyers, doctors, professors, mechanics, and classes, including the writer, are very much mistaken, the Electro-posing effects cures, and gives relief, where all other known remedies have failed. Especially effective for the effects of debilitated women and children. I have used one of the standard Electro-posing over two years and find it invaluable as a curative agent.
